Greetings Everyone!

As this newsletter reaches each of you, I am in Arica, Chile. My trip date is from May 26-June 2. This is a Vision Tour I was asked to participate in to see if our church and/or Association could develop some type of partnership. It really is a blessing for me to be able to make these types of trips. And I'm grateful to Sulphur Spring for leading the way in our calling to missions! Over the past 10 years many of you have traveled into places you would have never otherwise gone. We've done ministry work in various formats and have learned to shift our gears on a moment's notice. All of this creates a mindset of service. And that's what church is all about. We serve our neighbors and the nations with the ultimate goal of seeing lives changed and souls saved. I'm grateful for your prayers as I make this new journey.

And speaking of missions, it's VBS time again! Workers and helpers are in place. Signs have been posted. Outreach from everyone is critical! We want to fill this place with children who need to know Jesus!! We want to see everyone draw closer to the Lord during our time together. What a blessing it has been over the years to see so many children and youth come through these doors and learn about the greatest story ever told! Let me encourage you all to be

cheerleaders for this event. Support this mission by praying and inviting. What you do can really make a difference in someone's life!

Our Trustees have taken on some major work. Some of it has been completed and some is still yet to start. Over the course of the next couple of months, there will be some major work done. In case you didn't know, we're going to be putting a new roof on the church building and a new floor covering in the basement. The parking lot has been recoated to protect the pavement. The baptistry has been repaired and ready for water with NO LEAKS!! There's been constant messaging between this group to stay on top of any issues that arise. Yet, so much of what they do is done behind the scenes. Things just get fixed and most of us don't realize it. So, thank you trustees for making sure this facility is honored and cared for. We appreciate all of you!

Scripture teaches us that we are so much better together than we are apart. Each of us has a calling that's designed to make the entire body function better. When one of us is down, the rest of us are to pick up the slack and keep the body working. We've seen a number of changes over the years. Some people come into our lives while others leave. God uses each of us for whatever period of time we're together to build His Kingdom

and to be a blessing to His church. In whatever capacity God is using you right now, be the best you can be for His glory! The mission is too important to let yourself become distracted. Let's go make much of Jesus!!

Blessings!  
Bro. Mike
