Greetings Everyone!

What a busy, full, and hot month July has been! It seems like we've been going non-stop this summer. It's been a constant movement of activity here at Sulphur Spring. Every week there's something else being announced in the bulletin. We've seen new faces coming through the doors of the building on a regular basis. We've been baptizing and have more to be baptized. God is definitely moving in the midst of this congregation!

It hasn't been that long ago when we were going through a dry spell. I know, it's difficult to remember, but we went through a period when there was no movement, no baptisms, no real reviving of soul and spirit. I guess that's why it's really exciting when we go through a period like we are now. I'm grateful to be part of what God is leading us through!

I've started a major remodeling project at our home. When we bought our house, there was no shower in the master bathroom. That wasn't how we wanted it to stay. We decided before we ever signed the papers that there was going to be a change. As I write this article, I'm in the remodeling process. Let me say, it's been a mess! But making changes is always a messy process before it gets better. Under Nehemiah's

leadership, the people went into a major rebuilding process. About halfway into rebuilding the wall around Jerusalem, the scripture says they became discouraged because there was still so much "rubbish" to deal with. There were setbacks and struggles, but in the end, the work was completed and the wall was rebuilt. That's my desire for our home and for Sulphur Spring.

As God is working in us to build a great church, there's messes and setbacks. But there's still lots being done! As we continue building the church as God desires, get involved and help make this place the best it can be for the glory of God! Invite, encourage, love on, forgive, support, and be a blessing for everyone that walks through our doors. The people of our community need Jesus! We can be the difference that will change their lives forever.

Cherolyn has put me on a timeline to complete our bathroom remodel. I've torn out walls, fixed the closet connected to the bathroom, rerouted the plumbing and ventilation pipes, took up tile, and overall, made a big mess. All that's now finished. Now I'm rebuilding. My desire is that the end result will be a new, beautiful bathroom with a nice, large shower. Church can be

messy. But the end result will be beautiful! When the timeline is up and the Lord returns to call us all home, just think how glorious it's all going to look!!

Blessings!
Bro. Mike
